Advanced Graduate Certificate in Finance

The 18-credit Advanced Graduate Certificate (AGC) in Finance prepares students for careers in financial management, including financial analysis, portfolio management, investment banking and corporate financial associate positions. The curriculum places an emphasis on developing financial analytical skills. It offers in-depth knowledge of the principles and techniques of finance and accounting needed to understand how corporate financial objectives are developed, measured and reported, as well as the central issues in government regulation, taxation and financial reporting.

The AGC in Finance is a part-time program designed for working professionals. All courses are scheduled in the evening, and several of them are offered completely online.

University Badges
As they progress through the program, AGC students may earn University Badges — digital credentials that recognize the knowledge and skills developed by successfully completing two-course sequences in specialized areas (see details). The University Badge may be displayed on LinkedIn, Facebook, and Twitter profiles, and added to a resume to bring visibility to your achievement.

MBA Program
Certificate students may choose to pursue admission into the University’s MBA in Finance program, which has a separate application and additional admissions requirements. Students interested in the MBA program must apply prior to completing 12 credits in the certificate program. Acceptance into the MBA program is not guaranteed, but certificate credits are transferable into the MBA program.

Financial Aid Information
This advanced graduate certificate program is eligible for financial aid. View the federally mandated Gainful Employment Disclosure Information.

Admission Requirements for College of Business Graduate Programs

The College of Business graduate programs are designed for ambitious and analytical students who are capable of applying what they learn toward the solutions of organizational problems. New students can begin the Stony Brook MBA, or MS in Accounting or MS in Finance in the Fall or Spring semester.

All graduate applications are submitted online through the Graduate School website. Applicants are encouraged to submit a current resume along with their online application and personal statement. The requirements for the business graduate programs include:

A. A bachelor’s degree with a minimum grade point average of 3.0. In exceptional cases, students not meeting the GPA requirement may be considered for admission on a conditional basis. Official transcripts can be mailed directly to the College of Business or sent electronically to cobgraduate@stonybrook.edu. We strongly encourage foreign transcripts to be evaluated by World Education Services (WES) or another NACES member association.

B. Aptitude for quantitative analysis, demonstrated through previous coursework, standardized tests, or practical experience. All applicants must have successfully completed an introductory calculus course or alternate advanced math course with a grade of C or higher.

C. Three letters of recommendation, one of which, if possible, should be from a professional working in a private company or public agency who is capable of evaluating the applicant’s motivation and potential. The three letters of recommendation should also include at least one from a college faculty member, counselor, or administrator. Letters of recommendation should be submitted through Slate.

D. Applicants whose first or primary language is not English, must submit one of the following:

A TOEFL internet-based score of 80 or above
An IELTS test with an overall score of 6.5 or above, with no sub-scores below 6.0F. Acceptance by both the College of Business and the Graduate School.

E. $100 application fee.

Requirements for the MBA in Finance

Finance lies at the heart of both corporate and governmental success. Critical financial decisions involving the creation of capital, its day-to-day management, and its redeployment into more productive areas of companies and the economy are central to the continued prosperity of businesses and nations around the world. Stony Brook’s MBA in Finance will prepare students for positions in corporate finance, investment banking, financial management, broker-dealer firms, consulting firms, commercial banks, financial markets, securities firms and government agencies.

The 48 credit MBA in Finance track curriculum requires 16 three-credit courses. Within the 16 three-credit courses, students take 12 required core courses, including a 3-credit industry project (MBA 522) and 4 finance electives.

The 36 credit MBA in Finance track requires 12 three-credit courses. Within the 12 courses, students take 7 required core courses including a 3 credit industry project (MBA 522), and 5 elective courses. Four of these electives must be Finance electives. *Students will not have to take the following core courses: MBA 502, 504, 505, 589, or 592.*

Certificate Programs

Applications for the Advanced Graduate Certificate Programs are available through the School of Professional Development, with the exception of the Health Care Management Certificate, which is available through the School of Health Technology and Management. Admission into an AGC does not guarantee admission into the MBA program. Students must submit a separate application directly to the MBA program or MS in Finance Program to be considered for admission. Students who are accepted into a Master’s program may apply up to 12 credits towards their degree program. Students must declare their decision to matriculate into a master’s program before the completion of 12 credits.

Note that, although it is a valuable academic credential, an Advanced Graduate Certificate is not a degree.
