Stony Brook University is going far beyond the expectations of what today’s public universities can accomplish.

Since our founding less than 65 years ago, we have emerged as a major research university, medical center and economic force that is leading the way to solving the world’s most pressing problems.

**FAST FACTS**
- Founded in 1957
- Member of the invitation-only Association of American Universities since 2001
- 1,040-acre campus, 60 miles east of New York City, on the North Shore of Long Island
- 200+ undergraduate majors, minors and combined-degree programs
- 25,867 students: 17,432 undergraduate and 8,435 graduate
- More than 2,500 faculty members
- 19:1 student-faculty ratio
- Nearly 90% freshman retention rate
- Nearly 90% of tenured/tenure-track faculty hold doctoral degrees or highest degrees in their fields
- Nearly 95% of recent graduates are currently employed or enrolled in graduate or professional school

**ECONOMIC IMPACT ON LONG ISLAND**
- $7.23 billion annually in increased output
- Largest single-site employer

**TOP RANKINGS**
- Top 100 National University
- No. 1 U.S. Institution for Reducing Inequalities in Higher Education
  - *Times Higher Education* (2020)
- No. 1 Public University in New York State
- Top 10 Most Diverse U.S. University
  - *24/7 Wall St./USA Today* (2020)
- Top Producer of U.S. Fulbright Scholars
  - *Chronicle of Higher Education* (2020-21)

**TOP FACULTY & STUDENTS**
- Faculty honors include: Nobel Prize, Grammy Award, National Medal of Science, Abel Prize, Pulitzer Prize and MacArthur Genius Award
- Student honors include: Fulbright, Goldwater and Marshall scholarships

**DISCOVERIES & INVENTIONS**
Stony Brook faculty are responsible for nearly 2,500 inventions and more than 750 U.S. patents.

*Landmark discoveries include:*
- MRI technology that won the Nobel Prize for Medicine
- Supergravity co-discovered by physics professors
- Cause of Lyme disease
- ReoPro®, SUNY’s first therapeutic FDA-approved drug
- Golden Bamboo Lemur (previously thought to be extinct)
RESEARCH EXCELLENCE

- Stony Brook is part of the management team of Brookhaven National Laboratory (BNL), a U.S. Department of Energy research facility, making us one of only eight universities with a role in running a national laboratory.
- BNL and Stony Brook collaborate with Cold Spring Harbor Laboratory, one of the world’s pre-eminent private research institutes.

State-of-the-art facilities include:

- Medical and Research Translation (MART) building
- Center of Excellence in Wireless and Information Technology (CEWIT)
- Advanced Energy Research and Technology Center
- AI-Driven Discovery and Innovation Center
- Simons Center for Geometry and Physics
- Marine Sciences Center at Stony Brook Southampton

ARTS & CULTURE

- Staller Center for the Arts presents world-class dance, music and theatrical performances, houses the Paul W. Zuccaire art gallery and each July hosts the Stony Brook Film Festival.
- The Grammy Award-winning Emerson String Quartet has been quartet-in-residence since 2002.
- Stony Brook Southampton is home to Southampton Arts, which offers an array of graduate programs in creative writing, children’s literature and film, in addition to an award-winning national literary and arts journal and a prestigious summer writers conference.

ATHLETICS

18 Division I athletics teams compete at the highest level within the NCAA.

Facilities include:

- 12,300-seat Kenneth P. LaValle Stadium
- Indoor sports complex housing a 4,000-seat arena

GLOBAL REACH

Centers and institutes around the world include:

- Turkana Basin Institute, established by noted paleoanthropologists and faculty members Richard and Meave Leakey, facilitates research in the Turkana Basin region of northern Kenya.
- Centre ValBio, in Madagascar, protects unique and biologically diverse ecosystems through conservation science and projects that benefit the local people.

STONY BROOK MEDICINE

Integrates all of Stony Brook University’s health-related initiatives: education, research and patient care.

Includes:

- The university’s five health sciences schools
- Stony Brook University Hospital, the region’s only tertiary care center and Level I Trauma Center, ranked a Top 100 Hospital in America by Healthgrades (2021)
- Stony Brook Children’s Hospital, Stony Brook Southampton Hospital, Stony Brook Eastern Long Island Hospital, Stony Brook University Cancer Center, Stony Brook University Heart Institute, Stony Brook University Neurosciences Institute and 200+ community-based healthcare settings throughout Suffolk County
